EXPERIENCE

Laravel Intern SORIIC	Jan 2024 - Present <i>Sargodha, Pakistan</i>
---------------------------------	---

- Developed creative solutions in the field of Web Development.
- Actively worked on projects for clients.

Web Development Intern MobiPixels	July 2023 - Sept 2023 <i>Islamabad, Pakistan</i>
---	---

- Had training for Web Development and learned Project Management.

PROJECTS

Code and Link Generator. Built a webpage for generating QR Code, Barcode and shorten url links. Laravel and Bootstrap had been used for it with MySQL serving as the database.

Textbook.nyc Website. Built a responsive website for a client using Bootstrap, Laravel and JavaScript. ([See it here](#))

AI Powered Content Generator. Worked on a website for text-to-text and image-to-text content generation with the help of Google's Gemini model. The project was developed using MERN Stack.

EXTRA-CURRICULAR ACTIVITIES

- Exploring the internet for updates in technologies.
- Reading fictional books and graphic novels.
